

SECTION 706 GIFTS

The School Board has the authority to accept or reject any gifts of equipment, money or materials supplied to the schools, by an individual or individuals, or any club or organization. The School Board has the authority to use their discretion in the use of any materials or equipment found within, or on any of, its properties. Any materials or equipment given for the use of schools by community organizations or individuals becomes the property of the school district involved and is at the disposal of the district. Private ownership of property within a school building of a school district does not fall under the jurisdiction of that school's insurance.
