

READING TIPS-2

HOW TO HELP YOUR CHILD WHEN THEY READ A WORD WRONG

“This is how you read this sentence.....

Can you hear/see where you made the mistake?”

If they don't notice the first time you read it the way they said it, read it again, but this time point to each word as you read.

OR

***“You said _____. Does that make sense?”**

“You said _____. Does that sound right?”

“You said _____. Does that look right?”

OR

“That was close, try again.”
