- Math 143: Mathematics for Business and Social Services** .5 credit – one semester
- Math 355: Matrices & Linear Algebra** .5 credit – one semester

The grades you receive for UWW P.I.E. courses become a permanent part of your college transcript. Before taking a P.I.E. course, you should carefully decide whether you are ready for college level work and willing to make the time commitment required for your courses. Dropping a P.I.E. course will result in an "F" on your high school AND UWW transcript. Students are responsible for the cost of tuition which is approximately \$300 per course (based on current UWW tuition rates).
Full payment must be made to PHS before September 1.

**Qualifying data must be filled in for University records; to be completed by high school staff:
(only one of the three below criteria need to be documented)**

1. Rank in Class: _____ of _____ (upper 25%), **OR**
2. GPA: _____ (3.25 and above on a 4-point grade scale), **OR**
3. Rank in Class: _____ of _____ ACT Score: _____ (second quarter and ACT of 24 or higher)

Signature: _____
School Counselor

*This student **DOES NOT** meet the above PIE admission criteria; however, in consultation with the UW-Whitewater department liaison professor, I am authorizing this student PIE participation in my class (please attach a paragraph explaining why you, the classroom teacher, feel the student will be successful in this class.)*
