

Dear PHS Basketball Player & Family,

I would like to inform you of the upcoming summer basketball opportunities that have been planned, and I encourage your sign-up and participation! The summer season is an important time for our basketball program, as it provides opportunities for an individual to get better as a basketball player.

This year, when preparing for our summer schedule, PHS coaches worked together to avoid as many conflicts as possible between the sports, as well as to "share" athletes as much as possible when there are common events scheduled.

To continue the speed, strength, and agility program with LaVita that the varsity team participated in this past season, I am also pleased to announce that the Portage Boys Hoops Club will be sponsoring the program for the high school athletes this summer! We are very fortunate to have this support, so it is especially important that basketball athletes commit to the program as designed.

As you can see by the Summer Opportunities schedule, our summer season begins on Tuesday, June 5<sup>th</sup>, at 8:30am. The "**Team P-Max Camp**" specially designed for us by Taylor Janssen, of Performance Max Basketball Training, will again be here to help us on the journey of "getting better".

To sign-up for the summer, **please complete the necessary forms and return with payment to the Portage Boys Hoops Club**, as shown on the sign-up form. Paperwork may also be dropped off to the PHS main office in an envelope addressed to "Coach Olson".

Please review the sign-up form and appropriate waivers, and **return the paperwork and summer participation fee by Friday, June 1<sup>st</sup>** .

As always, summer information can be found on the boys' basketball website at:

<http://www.portage.k12.wi.us/hs/Basketball-Boys2.cfm>

Please don't hesitate to contact me if you have any questions, and please submit your sign-up materials as soon as possible. As a basketball program, let's have a fun summer, and commit to getting better!

Regards,  
Coach Olson
